NICOLE

the admiral's daughter

PHOTOS BY JOHN PALMER

nicole doesn't have any girlfriends her own age because, since she was a little girl, she's moved constantly from one town and port to another, each time her father, the admiral of the 5th fleet, got a new posting. for her it's completely natural to be surrounded by men all day, and since she started to grow up she's found that her particular situation has many advantages. she can't remember the last time she was bored all day, there's always something to do at the base.

nicole hat keine gleichaltrigen freundinnen. ihr vater ist admiral bei der v. flotte und seit ihrer frühesten jugend wechselt die familie dauernd ihren wohnsitz, je nachdem, in welchem neuen hafen der vater eingepflegt wird. für sie ist es nicht besonders mehr, immer nur von männern umgeben zu sein, und seit sie zu einem jungen mädchen herangewachsen ist, hat sie festgestellt, daß sie dadurch sogar ziemlich viele vorteile genießt. sie hat sich noch niemals gelangweilt. in dem marinestützpunkt gibt es immer etwas zu tun ...

NICOLE *Amiralens dotter*

Nicole har inga jävsnära vänner, från det att hon var liten, har hon kontinuerligt bytt stad och havn med varje ny beordring hennes far, femte flottans amiral, fått. För henne är det naturligt, att alltid vara omgiven av män och sen hon blev en liten kvinna, har hon upptäckt stora fördelar i sin speciella situation. Hon kan inte komma ihåg en enda tråkig dag, det finns alltid något att göra i bagen...

la fille de l'amiral

Nicole n'a pas d'amies de son âge. Dès qu'elle était petite fille, elle a toujours changé de ville et de port avec chaque nouveau destin de son père, l'amiral de la V Flotte. Pour elle, le fait d'être toujours entourée d'hommes est quelque chose de normal, et dès qu'elle est devenue jeune fille, elle a trouvé de grands avantages à cette particulière situation. Elle n'est pas capable de se souvenir d'un seul jour ennuyant. Il y a toujours des tas de choses à faire dans la base...

NICOLE
la figlia dell'ammiraglio

Nicole non ha twice della sua età. Fin da piccola ha cambiato continuamente città e porto in ogni nuova destinazione di suo padre, ammiraglio della V Flotta. Per lei è naturale essere sempre circondata da uomini e da quando è diventata una signorina ha scoperto i grandi vantaggi di questa sua situazione così particolare. Non riesce a ricordarsi un giorno noioso. Nella base c'è sempre qualcosa da fare...

Es ist ein lila Dreisitzer-Sofa und nicht sehr bequem aus. Ich habe es mir gerade gekauft und habe eine wahnsinnige Lust, es auszuprobieren, mich auf ihm auszustrecken, die festen Polster zu spüren, die Textur des Bezuges und seine Größe zu genießen...

Je mehr Hautkontakt ich mit ihm habe, je mehr Gäste sich auf ihm niederlassen, um so effizienter und objektiver wird der Test ausfallen. Ob es wohl Sinn hat, noch zu warten?

Meet Agnes.

The young Agnes (18 years old, no more) is a country girl, born and bred (breaths pure air and leads a stress-free life).

In her orchard she grows her own produce (mainly fruit) that she then sells at her little stall.

The town's people say that she is a very 'fruity girl' because of her bubbly, playful personality and beaming smile (and also because she sells fruit, of course).

At her stall she comes into contact with very diverse people who usually pop-in and say hi, how much they like the old town and how fresh her produce is.

It's not every day, however, that two handsome strangers drop by.

They say that the people of the town very much recommended Agnes's little stall for her fruit and her warm,

attentive hospitality.

Agnes's reply is one of delight, and she tells the two monky guys that she's more than welcome to offer them whatever they fancy, since she insists that she

has a well earned reputation to uphold in the town.

The two studs needn't be told twice, and without wasting anymore time they begin to make her horny.

Vi erskikten Ihnen Agnes vorstellen.

Die junge Agnes (erst 18 Jahre alt) ist ein echtes Mädchen vom Lande (sie atmet frische Luft und ist keinem Stress ausgesetzt). In ihrem Garten baut sie Obst und Gemüse an (hauptsächlich Obst), um es später in ihrem eigenen kleinen Laden auf dem Markt zu verkaufen. Die Leute aus ihrer Gegend nennen sie (im guten Sinne) „Früchtchen“, wegen ihrer frischen und verspielten Art und ihrem strahlenden Lächeln (und natürlich auch, weil sie Obst verkauft). In ihren Laden kommen viele, ganz unterschiedliche Leute, um sie zu begrüßen. Diesen Kunden gefällt das alte Dorf und außerdem lieben sie das frische Angebot von Agnes. Zwei attraktive Fremde kommen jedoch nicht jeden Tag ins Dorf. Sie sagen, daß ihnen von den Dorfbewohnern der kleine Laden von Agnes empfohlen worden ist, weil es dort so gutes Obst gibt, und sie selber so ausgesprochen gastfreundlich ist. Agnes bedient sie mit Begeisterung und sagt diesen beiden Männern, daß sie bereit ist, ihnen das zu bieten, wovon ihnen der Sinn steht, denn sie muß im Dorf ihrem Namen alle Ehre machen. Den beiden Typen braucht man das nicht zweimal zu sagen. Ohne noch weitere Zeit zu verlieren, machen sie Agnes noch einmal noch immer geliebt...

Dam berättar att folket i bygden har rekommenderat dem att besöka Agnes stånd för hennes frukts skull och hennes varma och uppmärksamma gästvänlighet. Agnes svarar glatt dem två stora karlarna att han är mer än beredd att erbjuda dem, vad dem skulle vilja ha och insisterar på att han har sitt rykte att upprätthålla i byn.

Agnes... Notre fruitière**

Voici Agnès. Sa jeune Agnès (18 ans, environ) est une jeune fille goyonne, grege et bien nourrie (elle respire de l'air pur et vit sans stress). Dans sa pépinière elle y cultive ses légumes (et surtout des fruits), pour les vendre après dans son grege marchand. Ses compatriotes disent d'elle qu'elle est une fille très fruitière, qu'elle a un caractère frais et félicite, et à cause de son sourire brillant (et bien sûr, parce qu'elle aime les fruits, ardemment). Dans son marchand elle est contact avec des gens divers qui s'habituent surtout pour lui dire bonjour, et pour lui expliquer qu'ils aiment le village et que ses grimaces sont les plus félicités.

Cependant, ce n'est pas tout. Les gens qui deux beaux étrangers peuvent que lui lui disent que les gens du village leur ont recommandé le petit marchand d'Agnès grâce à ses fruits, son accueil et accueillente hospitalité. Agnès reçoit enchantée, et elle lui dit aux deux étrangers qu'elle leur propose de leur offrir tout ce dont ils ont besoin, mais elle doit conserver son prestige dans le village. Elle leur en explique deux fois la même chose à ces deux beaux gens, puisqu'ils ont vite compris et sans plus perdre de temps, ils se mettent à l'acheter.

Agnes... "Vår Fruktöversäljerska"

Vi presentiamo Agnes.

La giovane Agnes (18 anni, nulla di più) è un ragazzo nato e cresciuto in campagna (lontano dal caos e una lontana dalle stress). Nel suo orto coltiva i suoi ortaggi (frutta in gran parte) con un metodo molto proprio condotto. I suoi pensieri dicono di lei (che è una ragazza molto "fruttivendola" per la semplicità del prezzo e il gusto ed il suo radente sorriso (perché vende frutta... chiara). E così la vendetta per vendetta con un gusto diverso che si avvicina a un dolce latte. La vita gentile di una giovane pace nella freschezza dei suoi ortaggi.

Simultaneamente, un altro mondo si apre che due bell'ed ottimi fruttivendole vengono nel suo ortaggio. Dice che la gente nel mondo si sta riscoprendo il piccolo mondo di Agnes per la sua freschezza e la sua semplicità con tutto entusiasmo. Agnes è un'ottima venditrice e dice di aver notato che il più che disposto ad offrire nei punti che visitano, sono che si trovano in un momento di una ripulitura nel paese. E due macchinari non saranno di nuovo di vendita. Ma se non volete un'idea, si avvicina ad eccitarla.

Agnes... La Nostra Fruttivendola

Les presentamos a Fignes. La jovencita Fignes (22 años de edad, o más) es una chica de campo, nata y criada en un rancho de frutas y verduras (en el finca) de la zona de hortalizas (fruta en su mayoría) para luego venderlas en el mercado local. Es una chica muy fresca y juguetona, muy "frutera" por su fresca y juguetona personalidad y su gran sonrisa (y también por que vende fruta, claro). En la mañana sale a vender sus frutas muy temprano, suele cantar o saludarlo cuando les gusta el viejo pueblo de frutas que se vende en el rancho. Los machos que dos atractivos forasteros se posan en ella, se le acercan y ella le recomienda al pequeño tenderete de Fignes por su fruta y su ambiente familiar y acogedor. Los machos se acercan y le dicen a las dos machotas que está más que lista y fresca. Ella se acerca a ellas y les dice que tiene una reputación que mantener en el pueblo. Los dos forasteros se acercan y se le dicen dos veces y sin perder más tiempo comienzan a penetrarla cochiendo...

Demia Moore is brimming with vitality and energy. Like a lion cub she's young, active and fun-loving, a pretty girl who is charming and passionate, and breaks into peels of happy laughter when she thinks of men fancying her. She gives out an essence of affection that enamours all who enter in the heady atmosphere that surrounds her.

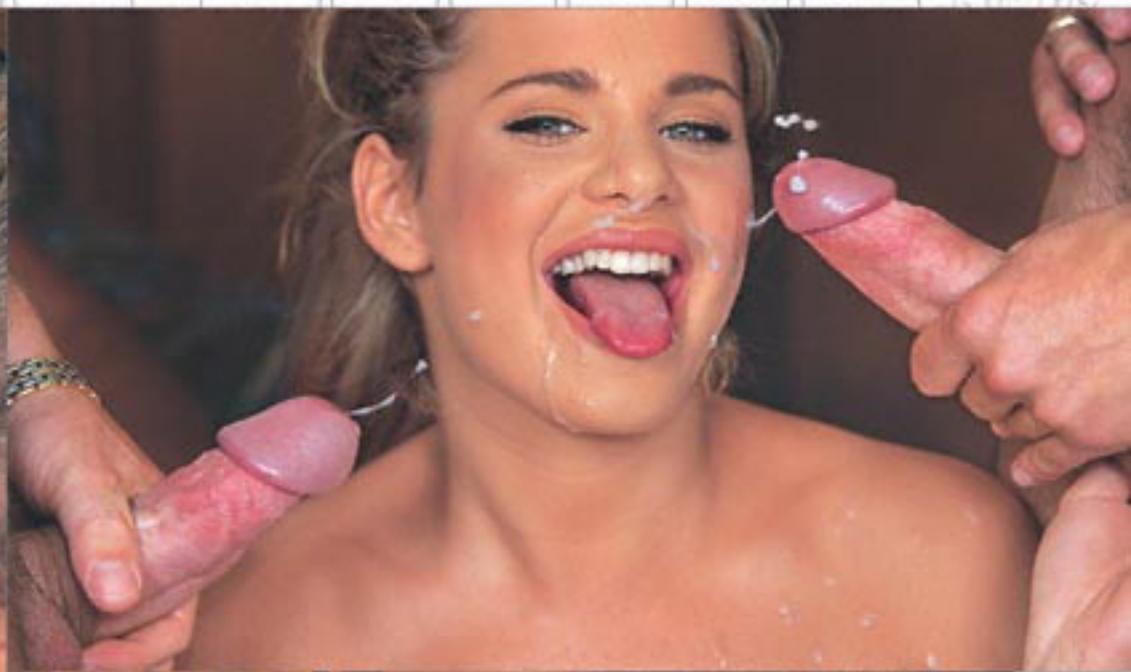

Between sessions of photos, films and shopping, she can spend hours naked in front of the mirror, dreaming about the next adventure that her body is going to experience. Gifts, the more expensive the better, are the best way to seduce and conquer her. You will make ground faster if you send her a first class ticket to some remote exotic island where she can meet up with you. You'll have her content, captivated and falling at your feet for some time. But if you can't stretch to that, you can start organizing an erotic banquet with her, although without rights to exclusivity, as Demia will surely convert it into a wild sexual orgy in which she will end up surrounded by a dozen sizeable shafts.

Demia is like that. She starts off a bout of sex less aggressively than girls of other signs. Her eagerness fills her with the thirst of lust and she then finds herself overtaken by a magnetic frenzy with which she lures her chosen few. She will smile as she undresses in front of you, slowly wiggling her hips, and she'll let you take of her naughty panties with your teeth. She'll still be smiling when she rubs your cock through your trousers. You won't even notice when she unbuckles you and undoes your fly. She'll let out a burst of laughter when she sees your restless dick appear, waiting impatiently to begin to shoot. Don't worry if it looks as if things are not going well. Cracking jokes is part of her sexual mischief. Sucking off your cock with her long tongue as if it were ice-cream, clinging onto you irresistibly by your balls, and fucking with creativity and versatility are what unleash

her enthusiasm for carnal joy. As a Leo and born actress, Demia Moore is an exhibitionist by nature. She enjoys being naked, expressing herself in the world of porn with passion and intensity. She gives of herself rapidly, and to satisfy her ego her partners have to accept taking second place, although the exchange is a superb and unique fuck.

Virgo Ruled by Mercury, Earth-Sign

CANCER LEO **Virgo** LIBRA SCORPIO SAGITTARIUS

August 23 - September 23

When Erika worked in a shop ten years ago she still didn't know how wonderful a good fuck can be. Her boyfriend at that time didn't know how to bring out the strong long-lasting sexual impulses that women enjoy so much. She used to live an austere life then, but when thanks to her physical beauty, she was invited to join a modelling agency she saw the light at the end of the tunnel. The idea of being a hard porn starlet didn't excite her that much, but the money led her to accept the offer without stalling even a moment.

Erika is a maiden seeking perfection. Little by little her candid innocence has become expert perversion in the exchange of pleasure, and she's finding that she likes her work more and more. Nowadays her boyfriends tend not to last very long. She wanders all over the place searching for the ideal partner, nibbling a cock here and another there. Do not let yourself be misled by thinking that the sensuality of her sweet face is more important than fornicating. The truth is that she has an incredible need to fuck and fuck without letting up for a second. Just imagine this: pornography itself excites her, and the videos and magazines that she stars in are a major turn-on for her sexual passion.

This Virgo girl has become a real exhibitionist. Good-looking, clean-cut and well-groomed guys are her best aphrodisiacs. She gets ready when she sees your eyes running over her breasts, and examining her rear through the fine lingerie squeaked under the transparent silk of her dress. Start off with a shower for recently bathed bodies with the aroma of soap. You should tease her erotic nerve endings by hovering over her skin with the tips of your fingers. Then she'll suck your dick like mad. Once on form, she'll insert it into her dripping cunt again and again, deeper and deeper until it's up to the hilt. Show her you're a fucker with style when you take her ass and give her the height of carnal joy. And if you've got a good tackle and reach the great depths you'll discover the mine of pleasure. When she sucks on you again, and feels your steaming semen in her mouth, she'll masturbate until she achieves the capital sin: a divine orgasm.

WRITE TO US!

My name's Davide and I'm 27 years old. This is one of the many sailor's stories that I have to tell PRIVATE's readers.

They are all based on notes taken from my own "private" log. It is a well-known fact that we sailors are supposed to have a wife in every port, and the truth of the matter is that during my last voyage, on board one of the most beautiful sailing ships in the world, that was exactly the way it turned out.

It all began last year, when sailing ships from all around the world came together in the most spectacular race in history, "Tall Ships 2000".

I've been in the Italian Navy for 8 years, I won't give you the name of the ship on which I was serving, because it might jeopardize, not only myself, but also some of my colleagues, when it comes to explaining some of the more interesting events that occurred on that fantastic voyage. It was a voyage that lasted from April to October, during which time we sailed 15,000 nautical miles and docked in over 25 ports. But then anyone, in 2000, who has passed through any of the cities that we visited in that year, from Genoa to Cadiz, from Bermuda to New York, from Boston to Vigo, from Lisbon to Barcelona, will know exactly what I'm talking about. There were more than 400 people on board our ship.

breeds, the perfume of girls, a different perfume in every port, but just as strong and irresistible each time. The perfume of sex! The crew was so enthusiastic that the days passed by in a flash. We arrived in Cadiz at the beginning of May, on a splendid spring morning. Everything was ready at the old port to welcome the fleet of sailing ships and, from the very first day, there were crowds of visitors waiting in line, sometimes for hours at a time, to come on board and visit our wonderful ship.

From the portside in my cabin I had a good view of the quays, although they couldn't see me. Precisely from this portside, on the first afternoon that we were in port, I spotted a group of gorgeous looking girls just about to come up the gangplank. One of them was really beautiful, with long red hair. Straight away I got into my uniform and went up on deck to await my opportunity to try to get to know her. As it happened I had an excellent excuse to strike up a conversation with her, as there was going to be a party aboard the next day, and each of us could invite as many girls as we wanted. It was an opportunity I wasn't going to pass up, so I gave her an invitation. Naturally she accepted with pleasure, asking me if she could bring her four girlfriends. What a question! In one fell swoop I had ensured the presence of

an area to which only I and a few others had free access, she said she'd like to go up and take a look, so I helped her up the steep steps. She was wearing a sky-blue miniskirt and, much to my surprise, I realized that she was NOT WEARING KNICKERS! I was taken aback: I just couldn't get the image of her knickerless crotch out of my mind. However, and with some difficulty, I began to explain the purpose of the different instruments on the bridge. As I stumbled on I began to notice something strange about her, her eyes had a languid look and she seemed to be whimpering. She had her hands behind her back and was leaning against the steering wheel. Slowly I edged closer and, much to my surprise, I saw that she was suggestively caressing one of the wooden knobs that protrudes from the wheel (allowing the steersman to gain extra purchase).

I pretended I hadn't seen a thing and continued, as best I could, with my explanations, a task that was proving increasingly difficult, by which time she'd started to work her hand up and down the protruding wooden knob squeaking it harder and harder and gazing deeply into my eyes, as if she was masturbating me. Then she began to rub her ass against the wheel, pushing her miniskirt up until I could see, once more, that she wasn't wearing

Obviously her desire for anal satisfaction had not yet been fully satisfied. I got her to kneel down in front of the steering wheel: "What's the course now, my Captain?" she asked me with an evil grin, grasping a knob in each hand: "Straight up your ass and full steam ahead!" I grunted, letting rip and pounding away at her asshole for what seemed to be an eternity. When I was finally at the point of coming, Deirdre twisted round and said: "I want to drink in an ocean of sperm!" I immediately gave her exactly what she wanted, shooting my load into her open mouth, while she swallowed every last drop of it with gluttonous joy.

"I'm itching with pleasure, my Captain..." she whispered, running her tongue sensuously round her lips, red as fire, just like her hair.

After we'd straightened ourselves out a bit, we left the bridge and joined the rest of the group, who by now were all dancing on the deck. A little while later they brought the cake out, cut it up and everybody had a piece. Deirdre gleefully licked the cream off her piece and whispered in my ear that what she really liked was another kind of cream, that was not so sweet.

After a final toast, and when the other guests had all left, we returned once more to the bridge, because my sweet Irish lass

which belonged to the Italian Navy, and among us there were many old hands, who'd already seen it all, as well as young lads who found themselves away from home for the very first time. I fell somewhere in between, I had a certain amount of experience, although I'd never been out of the Mediterranean, and had previously only served on warships. I won't tell you my rank; let's just say there were only 10 people onboard that could give me orders. This meant that I enjoyed a number of privileges, including quite a large cabin all to myself, except, that is, for those occasions when I invited some girl or other to share it with me, and that happened at least once in every port that we visited. What's more, the fact that I'm a pretty good looking guy, with an athletic build, cultured and fluent in various languages, all helped me quite a lot when it came to making "friends" with what still seems to me to be, an unbelievable number of girls from just about everywhere in the world.

We set sail on Easter Monday from Genoa, with crowds of people waving at us from the dock, for an eleven-day voyage across the Mediterranean to the Port of Cadiz, in Spain, beyond the Straits of Gibraltar.

At the time I was seeing a girl on a regular basis, although things were not going as well as they might have. Later, after we left, the sweet perfume of freedom was so strong that I understood that our relationship was all over. That perfume wafted on the sea

five Irish girls. The redhead's name was Deirdre, and she had the most stunning green eyes you've ever seen, skin as white as milk and a face whose delicate features were speckled with freckles. She was tall and slim and had the body of a model; her beauty had me completely under her spell. I took them on a quick tour of the ship, promising them that on the night of the party I'd show them the rest. We said goodbye, until the evening of the following day.

On the night of the party the deck alongside the ship was teeming with girls, if I say there must have been 500 that's no exaggeration. I still can't quite figure out how we managed to get them all on board a ship that only measured 100 metres by 18. That's practically 5 girls per metre of length! This was paradise! There were traffic jams to and from the port; anyone who was in Cadiz at this time was sure to remember the chaos that ensued. Deirdre and her friends arrived quite late. We drank an aperitif and chatted for a while, getting to know each other. It turned out she was in Cadiz to study Spanish, because she was taking a degree in Foreign Languages back in Ireland. After another Martini, she asked me if we could visit the parts of the ship that she hadn't seen the day before. We left the rest of the group up on the poop deck and headed off for the bow. As we went I pointed out the most important components of the mainmast, the standards and the sails. When we arrived below the bridge,

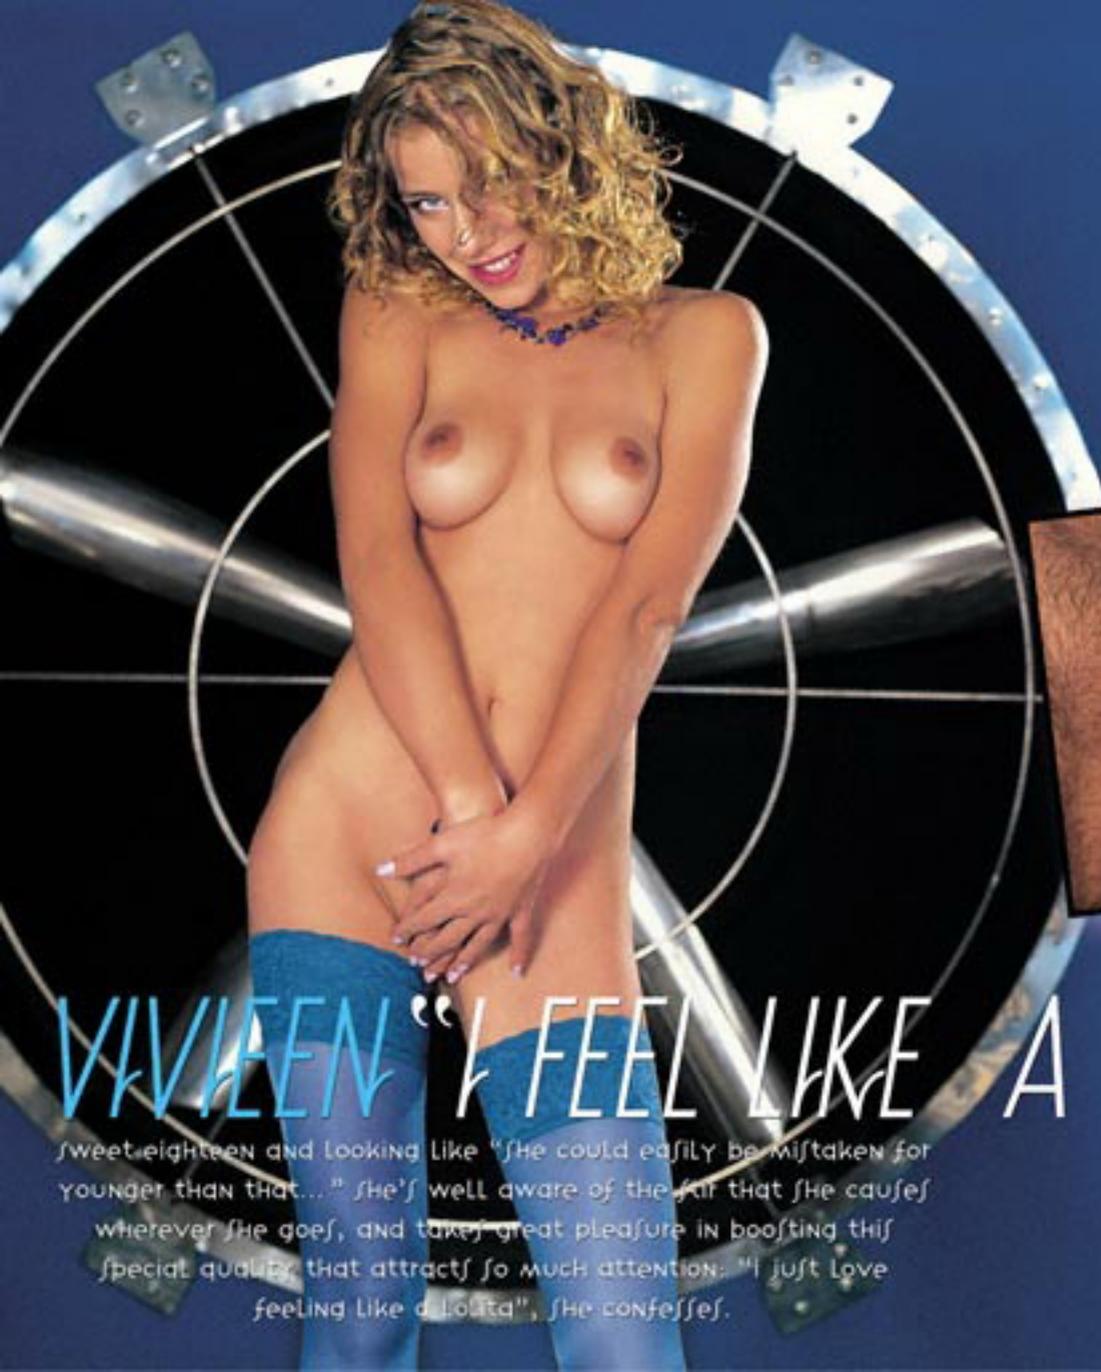

knickers. By that time I was really excited, but I also wanted to know how far she was willing to go, if I left it herself. She evidently wanted to go on, this time using two of the knobs protruding out at the side of the wheel grips. She pushed herself up, holding her gaze with those beautiful green eyes the whole time, then she hooked her feet onto the lower curve of the wheel, and started to bend her knees, lowering her body slowly down. I was absolutely aroused; she was lowering herself onto the knob that stuck straight up from the top of the wheel, allowing it to slide mercilessly into her asshole! She let out a lustful moan and I realized that the knob, with a diameter of almost 4cm and a length of 15, had fully penetrated her asshole. She looked at me and whispered: "Come here!" I felt as if I was taking part in a PRIVATE film! Even though I knew that someone could walk in at any time, I could hold back no longer. I whipped my cock out and, taking a great deal of care while she was still impaled on the wooden knob, I slid my cock into her free hole, which by that time was incredibly well lubricated. Every time I thrust a little harder Deirdre shuddered convulsively, I couldn't tell whether this was due to the wooden knob up her ass or my cock, which by that time was as hard as a steel bar. To avoid any unwanted accidents I lifted her up carefully, freeing her ass from the knob: "Are you gonna replace it with something else?" she asked me, licking her lips provocatively, and caressing her thighs.

wanted to set course once more... We stayed in Cadiz for three more days, and Deirdre came back to "visit" the boat each night. I showed her the hold, the galley and, finally, my cabin. On the penultimate day of our stay, my orderly called me saying that he had a certificate for me. Now, you're not going to believe this, but it was from you guys at PRIVATE, informing me that I had won a year's free subscription of PRIVATE magazine. I ran off to the newsagent to get the latest issue of PRIVATE, which had just come out, flicked through the pages and, much to my surprise, found that you had published one of my letters, translated into Spanish. Amazing!

When the time came for us to set sail, my little redhead Deirdre was there on the deck, in the middle of the crowd that had come to wave goodbye to the sailing ships as they left the old continent to start their extraordinary adventures.

At the Captain's orders the sails were unfurled and the "Tall Ships Race" had begun. Before us lay the Atlantic Ocean, we set course for the Bermudas, where another of my stories was waiting to happen...
